

## DIXELL WILL BE KONICA MINOLTA HONDA TEAM'S OFFICIAL PARTNER DURING THE NEXT WORLD CHAMPIONSHIP GP

ride the control technology

Dixell, world leader in industrial and commercial refrigeration, will be KONICA MINOLTA Honda Team's official partner during the coming World Championship GP

**TOGETHER, TO MAKE DIXELL'S TRADEMARK GO FULL SPEED AHEAD**

It's an important agreement with a team that, like Dixell, has made research and technological innovation its strongpoint.

This is where the decision to sponsor the team comes in, knowing that it will allow us to count on a prestigious promotional vehicle that can leave its mark on a large-scale and varied

target. It's a global commitment that will give our trademark positive results and important advantages to all our customers, suppliers and distributors. If we also consider that continuous technological advantages will offer growing success to this sport in future, the strategic value of our sponsorship is evident. This step intends to reaffirm the strength of Dixell's trademark through the image of the KONICA MINOLTA Honda Team because innovation is technological progress.
